ANNEXURE A

[File No. Ind-VI (F) 12-8/77-II]

FUNCTIONS OF THE MONITORING COMMITTEE

"The Committee would visit the area where Category 'A' mines are located within a month to enquire whether the recommendations of the main Committee (constituted *vide* Notification No. Ind-VI (F)12-8/77-II, dt. 25-5-1989) regarding the continuance of these mines have been met or not at the spot. In addition, it will also enquire whether the pattern contemplated for the working of these mines in the mining plans is being adhered to or not. The Committee will also observe whether the working in the Saproon Valley of Category 'A' mines has had any deleterious effect upon the Saproon Chashma and whether the width of the nallah has been reduced on account of the alleged encroachment by the various petitioners in the present writ petition and further whether the enlargement of the culverts will improve the flow of water from the nallah. The Committee shall also make a note of any other factor which comes to its notice and is considered relevant by it and make a report to the Hon'ble High Court of Himachal Pradesh within two weeks of the date of its visit to the area, which shall be made after notice by it to the petitioners and the Collector, Solan as well as respondents No. 6, 7, 8 and 16 (of the four Category-A mines).

The Monitoring Committee shall visit the area periodically at intervals of three months for similar observations and report to the Hon'ble High Court of Himachal Pradesh for any further action that may be needed."
